Belle of Baton Rouge withdraws appeal to demolish historic building Maritime II

“We applaud the Belle of Baton Rouge for withdrawing their application/appeal to demolish the 100+ year old Maritime II building. The group of downtown citizens and leaders that came together to advocate and preserve our cultural and historic identity are to be commended. We appreciate the leadership of District 10 Councilperson, Carolyn Coleman.”

- Citizens for Downtown Progress

“We look forward to working with the citizen group and the Belle of Baton Rouge in their efforts to envision a project that aligns with downtown’s master plans and exploring available historic tax credits.”

- Whitney Hoffman Sayal, Downtown Development District, Executive Director
